Do Good While Doing Good Business!
LCI Silent Auction to Support the Next Generation of AEC Professionals

Supporting Atlanta's SPIKE Studio

Proceeds from the Silent Auction benefit [SPIKE Studio](#), an Atlanta-based 501(c)(3) organization inspiring the next generation of architects, engineers, construction, and development professionals through immersive design education. Focused on middle and high school students from under-resourced communities, SPIKE Studio fosters diversity, creativity, and access within the built environment. Through mentorship, education, and hands-on training, the organization connects youth with industry leaders to help them envision future careers in the industry. Experiential learning opportunities include tours of advanced production campuses and exposure to innovative design, planning, and construction processes.
